8 IN THE UNITED STATES DISTRICT COURT
9 FOR THE EASTERN DISTRICT OF CALIFORNIA

10 JOHNNY PARDO,

11 Plaintiff,

No. CIV S-04-1104 LKK GGH P

12 vs.

13 RICHARD RIMMER, et al.,

14 Defendants.

ORDER

15 _____/
16 By order filed on March 29, 2005, plaintiff was directed to file the documents
17 necessary for service upon defendants to be effected within thirty days. It was noted therein that
18 plaintiff had been directed to do so originally in an order filed on December 15, 2004. By filings
19 dated April 18, 2005, plaintiff asks the court to provide him once again with the documents
20 necessary for service to be effected, seeks an additional extension of time of ninety days to do so
21 and seeks an order to High Desert State Prison officials directing that he be allowed reasonable
22 law library access and access to his legal property in order to proceed in this action. Plaintiff
23 avers that he has been on an institutional lockdown since January 26, 2005, although he submits
24 no documentation in support of this claim, and that he has an unspecified physical impairment
25 making hand-produced copies very difficult for him.

26 \\\

1 Plaintiff will be granted a thirty day extension of time to show proof that he is
2 being denied access to the forms already provided by the court and that he is being denied all
3 access to photocopying services at the prison law library. Beyond showing that he is subject to
4 an institutional lockdown, plaintiff should also demonstrate when, by whom, and for what reason
5 any specific requests for access to the relevant legal property and to photocopying services have
6 been denied. His requests, filed on April 18, 2005, will otherwise be denied.

7 Accordingly, IT IS HEREBY ORDERED that:

8 1. Plaintiff is granted 30 days to provide proof that he is being denied access to
9 his relevant legal property and to all photocopying access at the prison law library as set forth
10 above;

11 2. Plaintiff's requests, filed on April 18, 2005, are otherwise denied without
12 prejudice.
